REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art fails to disclose applicant's mobile IP system and method of assigning a 1st IP address to a 1st mobile terminal when it is about to initiate a phone call; then assigning 2nd IP addresses to the 1st & a 2nd mobile terminals which the 1st mobile terminal wishes to communicate with. After the call is terminated, the 2nd IP addresses of the 1st and 2nd terminals are returned back to the media gateway. No obvious combination of references found would have taught one of ordinary skill in the art to make and use applicant's system and method as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Creighton H. Smith whose telephone number is 571/272-7546. The examiner can normally be reached on M-F, alternate Fridays off.
